SOCIALISTS IN GERMAN CHAMBER OF DEPUTIES MAKE DEMAND FOR PEACE

WARRING NATIONS PAUSE BRIEFLY TO TAKE STOCK AND STUDY FUTURE

Petrograd Claims Russian Defenses Still Sufficiently Strong to Save Allies From Fresh Trouble.

BELIEVED WARSAW NOW OBJECTIVE OF TEUTONS

English Newspapers No Longer Conceal Ammunition Shortage. Loss of Officers Equals Whole Boer War.

(By Evening Herald Leased Wire) London, June 25 (11:45 a. m.)—Something of a lull in the fighting was being made, the official statement said, while further north, although the Germans had evacuated the village of Koprzywka, which they had recently captured, they had broken through the Russian lines near Stęzna and held their footing there.

Elsewhere in the southeastern theater of war progress was being made, the official statement said, while further north, although the Germans had evacuated the village of Koprzywka, which they had recently captured, they had broken through the Russian lines near Stęzna and held their footing there.

Nowhere in the south was there any sign of a lull in the fighting as compared to the feverish activity of the last fortnight is enabling military observers on both sides to take stock and forecast future operations.

Petrograd claims that the Russian defensive positions are so secure that the Austro-Germans will not be able to withdraw many troops from use against the allies of Austria.

The authorities of the central empires are less communicative concerning their future intentions and movements, but it is believed that Warsaw is again their objective.

In England the campaign of nations is in full swing with the possibility of national registration to ascertain the "man power" of the nation. That England appreciates the need of adding to her fighting resources is significantly indicated by the publication in the London Times of tables showing that the casualties of officers during the last month come within a few hundred of the total officer casualties during the entire South African war. The total in South Africa was 2,752, while the lists since May 26 shows that 2,440 officers have been killed or wounded or reported missing.

AUSTRIA DENIES ITALIANS HAVE TAKEN PLAWA

Washington, June 25.—Disputes between the Austro-Hungarian embassy here today said Plawa was still held by the Austrians and denied the claim that Italian troops have broken through. The telegram says:

In the face of false reports from Italian headquarters, our press bureau states that Plawa is still held firmly by us. These positions were ordered taken by the Italian king, according to the statements of prisoners. The Italians have never broken through, although they lost thousands in field attacks only. At least 3,000 unburied dead lie before our positions. Our losses were considerably smaller."

GERMAN DOCTORS DISPLEASED WITH FRENCH PRISON CAMPS

Berlin, June 25 (by wireless to Sayville)—Included in the news items given out today by the overseas News Agency were the following:

"A dispatch from Berne, Switzerland, says that Doctors Eugster and Demarval have published reports of visits to French prison camps, in the majority of which they declare conditions were unsatisfactory. Either the sanitary conditions were poor, or the food was poor, or the commanders of the camp tactics, the doctors reported. Occasionally, they said, prisoners were compelled to work in the hot sun for ten or eleven hours without suitable straw hats, many who were unused to such work succumbing. Many camps, the doctors added, contained wounded prisoners in need of treatment. Punishment for breaches of discipline, they declared, was rigorous, the only exception being the prison ships at Bordeux, where the prisoners made no complaint of their treatment."

A Vienna dispatch says that Baron Spiegelberg, delegate of the Austrian Red Cross, and Colonel Subotich, the Serbian delegate, have met in Sofia and discussed the fate of the Austrian prisoners in Serbia. It was finally agreed that Serbia would permit the sending by of provisions and medicine. Investigation of conditions by a neutral commission, consisting of the American minister at Bucharest, the Spanish military attaché at Niš, and a Swiss surgeon, resulted, it is stated, in a decision of the Austrian proposal to remove all prisoners to a neutral country at Austria's cost."

Scores of Skilled Workmen Quit Government Arsenal To Work on War Contracts

(By Evening Herald Leased Wire)

Philadelphia, June 25.—Scores of skilled workmen are leaving the employ of the government arsenal at Frankford to accept positions with private concerns that are supplying orders for munitions of war for the European belligerents. For the first time in years the arsenal is suffering from a shortage of employees and officials fear the situation may become serious. Twenty men in the machine

shop and twenty-five in the fuse department resigned yesterday. A number of others gave up their positions last week and it was said today that nearly every department had been more or less affected. The defections have occurred not only among the workers but among officials as well. The men declare they have been given three-year contracts with the private firms at wages far in excess of those paid by the government.

DEBATE YESTERDAY FIRST HINT OF DIVISION OF THE KAISER'S PEOPLE

Bitter Opposition Voiced to a War of Conquest and for Purpose of Annexing Contiguous Territory.

THE MASSES WANT PEACE SAYS SOCIALIST LEADER

Agreed, However, That Peace Is Not Desired Until Germany May Freely Develop "Economic Powers."

(By Evening Herald Leased Wire) Berlin, June 25 (via London 1:15 p. m.)—The debate in the Prussian chamber of deputies yesterday on the attitude of the German people toward peace attracted considerable attention today. Herr Braun, Herr Wiener and Dr. Karl Liebknecht took part in the exchanges. The morning newspapers report the proceedings substantially as follows:

"Herr Wiener, progressive, cited with signs of approval from the members an article by Hugo Heimann, socialist, to the effect that no German wants peace until Germany's enemies are willing to concede he right to develop his economic and cultural powers."

To this statement Dr. Karl Liebknecht, one of the socialist leaders, interjected: "We have the masses with us and the masses want peace."

After this interruption, Herr Wiener continued:

"We are convinced that the co-operation of all parties and classes is essential and that it means German victory. In this co-operation is found the guarantee that we will hold out and that we will be spared from such dastardly attacks in the future."

Herr Braun, socialist, was the next speaker. He said the socialists did not deny that the German people must stand together against their innumerable enemies. He referred to the fact that certain persons are talking about continuing the war in order to realize "wild plans of annexation."

The German people want no conquest, Herr Braun continued. "They do want peace without being humiliated or subjected to other peoples."

Herr Dierckx, Prussian minister of the interior, made answer to Herr Braun in part as follows:

"While we are involved in such a war as this, we can have but one thought, namely to terminate it in a way that will make a repetition impossible. That is the goal which the imperial chancellor and the allied governments have set themselves, and that is the goal you must strive for along with us."

These words from the minister were greeted with evidences of disapproval from the socialist members.

PART OF CREW OF NORWEGIAN STEAMER SAVED

London, June 25 (11:22 a. m.)—A dispatch received here from Copenhagen says the steamer *Nora* has arrived there with the members of the crew of the Norwegian steamer *Truma* which last Wednesday was torpedoed by a German submarine and then set on fire. This occurred near the Shetland islands.

SCHOOL FOR CRIPPLED IN BOURGES PROVES SUCCESS

Hours, France, June 25, 18:35 p. m.—The school opened here for the re-education of maimed soldiers is operating with great success. The number of pupils enrolled already is 150, nearly all of whom will be unable to work at the trades by which they earned their living before the war and must learn some new means of making a livelihood.

A staff of eminent physicians is attending the unfortunate, preparing them for their changed futures.

Men who before the war were grocers, plasterers, barbers and miners, now are designing patterns for lace, while farm hands and butcher boys are taking courses in electricity and architecture.

LUMBER YARDS EMPLOYING 10,000 VOTE TO CLOSE

Chicago, June 25.—The great shutdown of building material plants which it is predicted, will throw 100,000 men out of employment in Chicago by the end of next week, was further recruited today, when owners of lumber yards employing 10,000 men voted to close.

A meeting at which it is ex-

pected that practically all build-

ing material manufacturers in

the city will vote to close will be held late today. By this means manufacturers hope to force

striking carpenters to accept ar-

bitration.

Both National Conventions To Name the Candidates for President Pledged to Chicago

(By Evening Herald Leased Wire)

Chicago, June 25.—Members of the

Hammon club at a luncheon today

were assured by Frederick W. Upham

that the 1916 Republican convention

would be held in Chicago. Roger

Sullivan said he could "almost"

promise that the Democrats also

would make this their convention

city.

Mr. Upham was appointed last

spring to work to bring the Repub-

blicans here. He reported that he had

the pledges of 20 of the 52 national

committeemen and expected others to fall in line.

Mr. Sullivan said that 20 Demo-

cratic national committeemen have

given their pledges and that he ex-

pected little difficulty in obtaining

the seven additional necessary.

MILLION GALLONS OF BURNING WINE FORMS FIERY LAKE

Fresno, Calif., June 25.—A lake

of fire formed by a million gallons

of escaping wine burned it

itself out there today and a confi-

gation which started last night

in the Barton winery was over.

The winery buildings were de-

stroyed. The loss is estimated

at \$500,000.

IT may be that after tak-

ing stock some of the

warring nations will be

ready to take water.

DISASTROUS WRECK ON THE WESTERN MARYLAND RAILWAY

Six Killed and a Dozen Se-

riously Injured in Spectacular Crash of Passenger Trains.

COME TOGETHER ON A BRIDGE 100 FEET HIGH

Mixed Train Orders Send Fast

Mail and Blue Mountain

Express to Thrilling Fatal Crash.

(By Evening Herald Leased Wire)

Thurmont, Md., June 25.—Six per-

sons were killed and a dozen more

or less seriously injured when the Blue Mountain express and the fast

mail of the Western Maryland rail-

road crashed together on a bridge

100 feet high over Owens creek, 2

few miles west of here last night.

The change in the schedule, in the

course of which a mixup in the or-

ders given the conductors of the two

trains is said to have occurred, re-

sulted in bringing the two trains to-

gether at high speed on the bridge

which spans a mountain ravine.

So great was the impact that the

two engines were almost completely

telescoped. The baggage car of the

Blue Mountain express in which a

Mrs. Chipchase, who was an invalid,

accompanied by her son, was riding

was thrown to the bed of the creek.

The Pullman parlor car immedi-

ately back of the baggage car, veered

perilously near the edge of the bridge

but did not leave the rails. Its occu-

pants escaped practically without in-

jury.
